LAB RECORD

Library Book Issue Request Form - Basic Fields

Detail	
Name	THEJASWINI K J K
Register Number	240701566
Course / Section	B E CSE
Platform	Zoho Creator
Application	Library Book Issue Management
Assignment	Assignment 06 - Basic Fields

1. Aim

To design and build the Library Book Issue Request Form in Zoho Creator using all thirteen Basic Fields, apply the required field validations, and generate the Book_Issue_Request_Report so that book issue requests from students, faculty and staff can be collected and processed in a structured digital form.

2. Procedure

2.1 Creating the application and form

1. Logged in to Zoho Creator and created a new application named Library Book Issue Management.
2. Created a new form named Book_Issue_Request_Form using the Form Builder.
3. Divided the form into four sections: A - Member Details, B - Contact Details, C - Book Request Details, D - Scheduling & Acknowledgement.

2.2 Adding the thirteen Basic Fields

Section	Field name	Field type	Setting
A	Member_Name	Name	First name, Last name; mandatory
A	Register_Roll_Number	Single Line	Mandatory
A	Member_Type	Radio	Student / Faculty / Staff; mandatory
B	Email_Address	Email	Email format validation on
B	Contact_Number	Phone	Indian country-code format; mandatory
B	Hostel_Residential_Address	Address	Street, city, state, pincode
C	Book_Category	Drop Down	Library sections, e.g. Computer Science & Engineering; mandatory
C	Subject_Areas_Of_Interest	Multi Select	Artificial Intelligence, Data Science, Machine Learning
C	Number_Of_Copies	Number	Range 1 to 5 only

Section	Field name	Field type	Setting
C	Purpose_Of_Borrowing	Multi Line	Free-text description
D	Preferred_Issue_Date	Date	Past dates not allowed
D	Preferred_Collection_Time	Time	Time picker
D	Agree_To_Library_Rules	Checkbox	Must be checked to submit; mandatory

2.3 Configuring validations

4. Marked Member_Name, Contact_Number, Register_Roll_Number, Member_Type, Book_Category and Agree_To_Library_Rules as mandatory in the field properties.
5. Enabled the email format validation on Email_Address.
6. Set the country-code format for Indian numbers on Contact_Number.
7. For Number_Of_Copies, restricted the value range from 1 to 5 per request.
8. For Preferred_Issue_Date, disallowed past dates by using the date validation (not earlier than today).
9. Made Agree_To_Library_Rules mandatory so that the form cannot be submitted unless it is ticked.

2.4 Report and acknowledgement

10. Created the Book_Issue_Request_Report as a list report showing all submitted book issue requests.
11. Configured an automated confirmation email to the member on form submission, using the Email_Address field value.
12. Opened the form in Preview mode, filled it, and submitted three sample book issue requests.

3. Output

(a) Form Builder showing all 13 Basic Fields

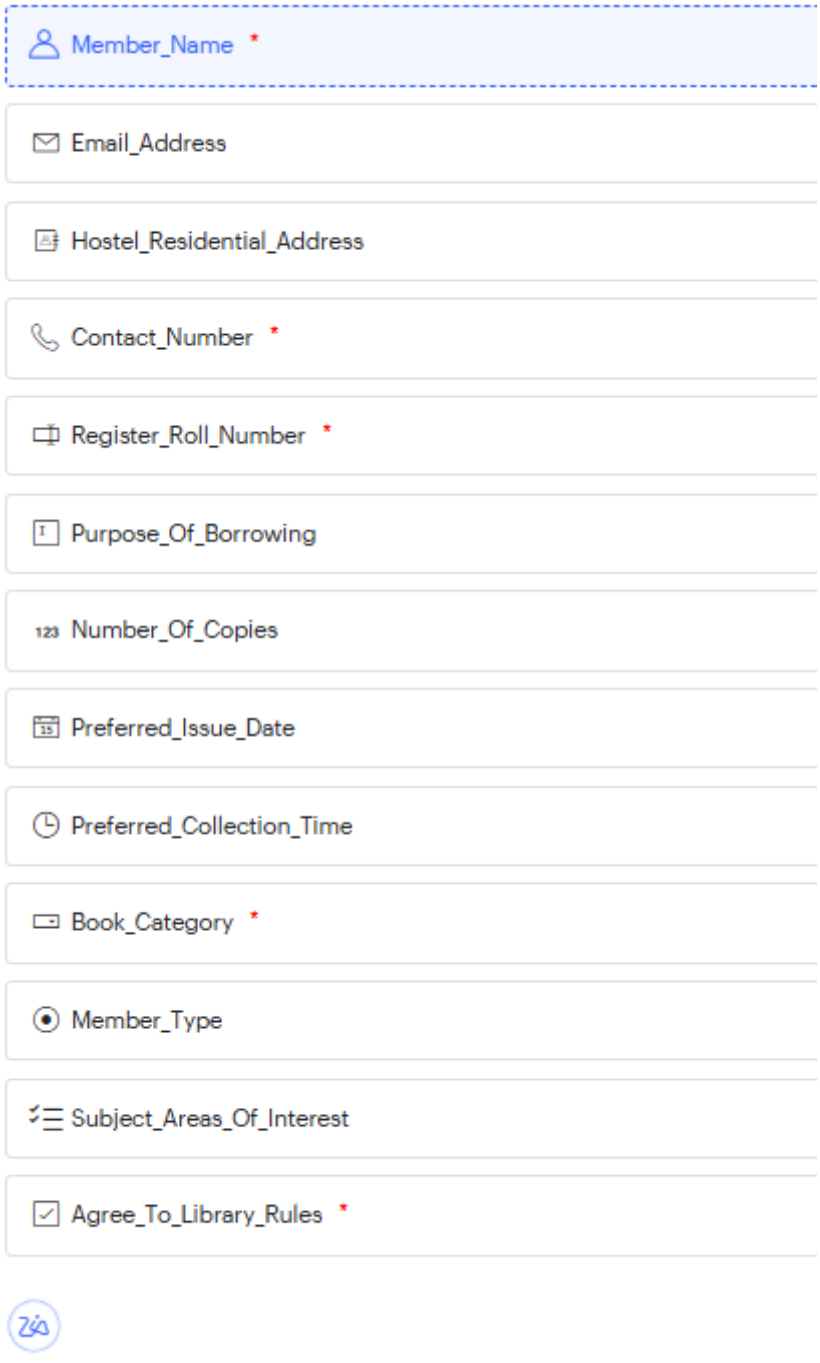

Figure 1: Form Builder showing all 13 Basic Fields

(b) Live preview of the form

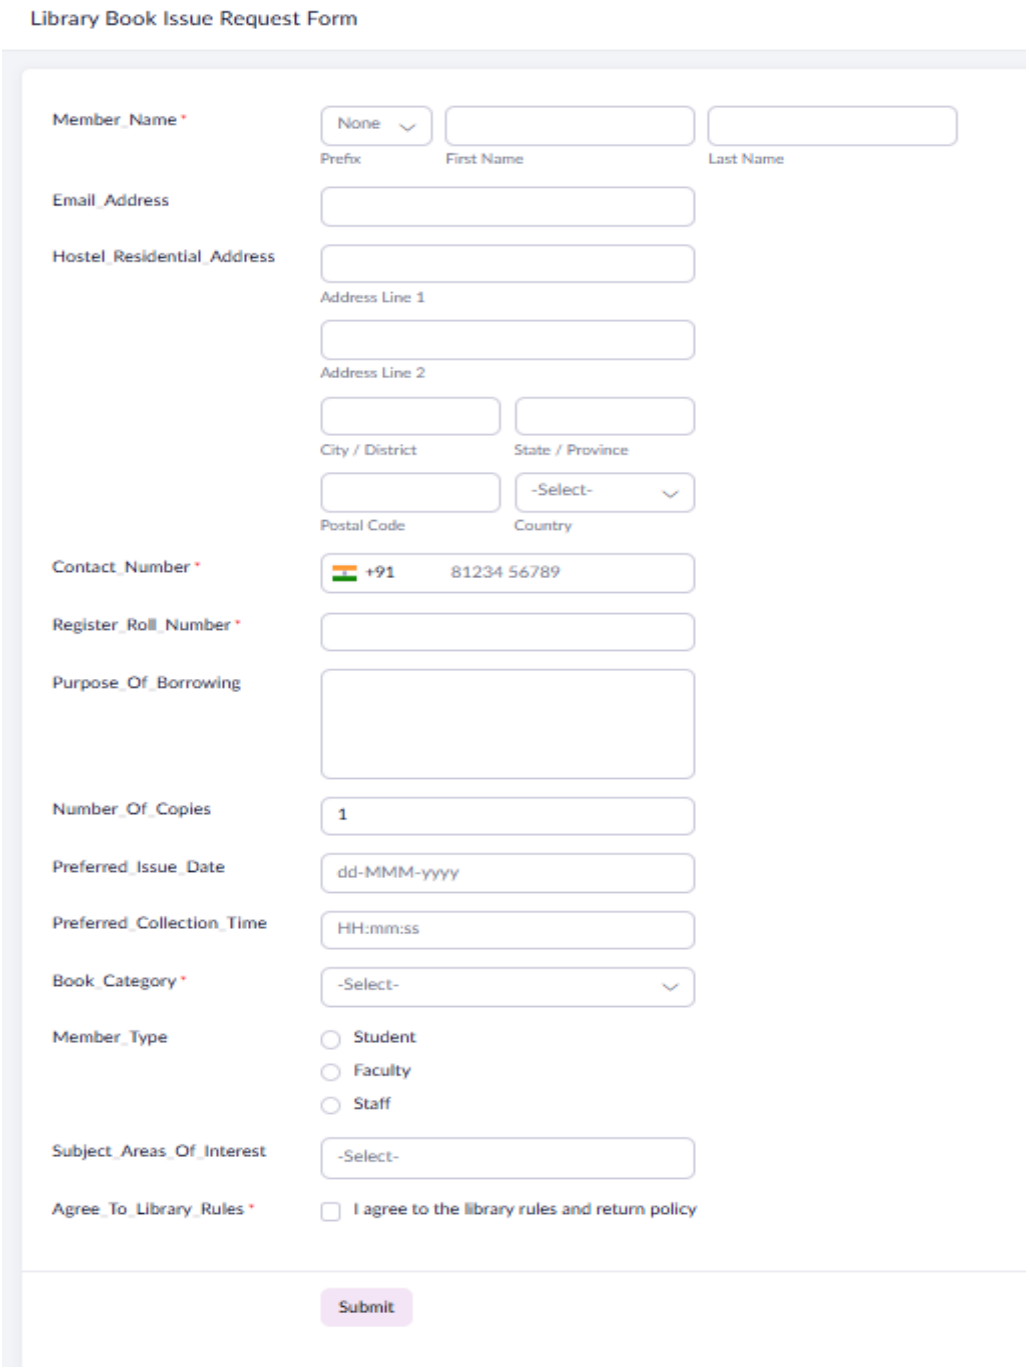

Figure 3: Live preview of Book_Issue_Request_Form

Result:

The Book_Issue_Request_Form was built in Zoho Creator with all thirteen Basic Fields arranged in four sections. The required validations were applied, and the Book_Issue_Request_Report displays the submitted sample book issue requests.
